MERIT SERIES

14HPX

Energy-efficient,
economical
heat pump

Enhanced control for greater comfort

Lennox' Merit® Series 14HPX is the ideal solution for homeowners who want reliable cooling and heating performance, budget-friendly affordability and money-saving energy efficiency. What makes the 14HPX even better is the enhanced humidity control that comes with the optional addition of our exclusive Humiditrol® whole-home dehumidification system.* Plus, like every product Lennox manufactures, the 14HPX is designed for exceptional durability inside and out.

Ideal comfort year 'round

The 14HPX is an all-in-one cooling and heating system, perfectly suited to warmer climates. During summer months, it works like an air conditioner, extracting heat from inside your home and moving it outdoors. When the weather turns cooler, the process is reversed as the unit collects heat from the air outside and transfers it inside.

10-year limited warranty on all covered components.**

Efficient, economical cooling and heating

Direct-Drive Fan – Precision-balanced direct-drive outdoor fan is designed for quieter operation and longer product life.

Dependable Scroll Compressor – Ensures reliable and efficient operation.

High-Efficiency Outdoor Coil – Provides exceptional heat transfer and low air resistance for high-efficiency operation.

PermaGuard™ Cabinet – Heavy-gauge, galvanized steel construction, louver coil guard, baked-on powder finish and durable zinc-coated steel base provide long-lasting protection against rust and corrosion.

14HPX meets or exceeds 14.00 SEER*** (Seasonal Energy Efficiency Ratio) and 7.70 HSPF (Heating Seasonal Performance Factor)

*Must be accompanied by either a variable speed air handler or furnace and the ComfortSense® 7000 Series touchscreen thermostat.

**Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details

***Actual system efficiency may vary depending on the exact system match. Efficiencies are representative of a single AHRI Most Popular matched combination. Always verify actual system efficiencies through AHRI or by visiting AHRI ratings database at www.ahridirectory.org.

Merit® Series 14HPX Specifications

Model	018	024/030	036	042/048	060

Note: Due to Lennox' ongoing commitment to quality, all specifications, ratings and dimensions are subject to change without notice.

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet ENERGY STAR® criteria. Ask your Lennox Dealer for details, or visit www.energystar.gov.

This NAHB Research Center Green Approved mark is your assurance that a product is eligible for points toward National Green Building Certification. Visit www.GreenApprovedProducts.com for more details.
